Professional Summary

Passionate and self-motivated Full Stack Developer with hands-on experience building modern, responsive, and scalable web applications. Proficient across the JavaScript/TypeScript ecosystem including **React.js**, **Next.js (App Router)**, **Node.js**, **NestJS**, and **MySQL**. Strong expertise in RESTful API design, TypeORM relational database modeling, JWT Authentication, and modular frontend architecture with Tailwind CSS. Delivered production-grade projects and completed a Full Stack Developer Internship at TechQul.

Experience

TechQul

Dhaka, Bangladesh

Full Stack Developer Intern

2026

- Engineered responsive full-stack web applications utilizing React.js and Next.js (App Router), leveraging SSR and SSG to boost performance and user engagement.
- Built modular backend micro-services with NestJS and Node.js using Dependency Injection, DTO request validation (class-validator), and TypeORM.
- Implemented secure JWT Authentication middleware, Guards, and Role-Based Access Control (RBAC) across endpoints.
- Designed relational database schemas in MySQL, writing optimized SQL queries, JOINS, indexing, and TypeORM database migrations.
- Collaborated using Git version control, Postman API testing pipelines, and deployed production builds to Vercel.

Technical Skills

Frontend: JavaScript (ES6+), TypeScript, React.js, Next.js (App Router), HTML5, CSS3, Tailwind CSS, Shadcn/UI

Backend & API: Node.js, Express.js, NestJS, RESTful APIs, JWT Authentication, TypeORM, DTOs & Validation, Swagger UI

Database & DevOps: MySQL, SQL (Joins, Indexing, Migrations), Git, GitHub, Postman, Vercel, VPS Deployment

AI & Workflow: AI-Assisted Development (Vibe Coding, Cursor, Claude), VS Code, npm, Async/Await, Webhooks

Key Projects

E-Commerce Web Application

Next.js, NestJS, MySQL, TypeORM, Tailwind CSS

Live Link: <https://ecommerce-website9226.vercel.app/>

Engineered a scalable online marketplace supporting dynamic product routing, category filtering, cart state management, and optimized MySQL database models.

Restaurant Management System (Food Cafe)

React.js, Next.js, Tailwind CSS, REST APIs

Live Link: <https://food-cafe-project.vercel.app/>

Built a responsive food cafe management web app featuring dynamic menu browsing, interactive ordering workflows, and UI state management.

Smart Todo Application

React.js, JavaScript, HTML5/CSS3, LocalStorage

Live Link: <https://rezaerrabby-smart-todo-app.netlify.app/>

Developed an interactive task management application with real-time category filtering, state persistence, and a clean responsive user interface.

School Management System

Next.js v14, NestJS v10, MySQL, TypeORM, JWT

Live Link: <https://student-portal-bice-tau.vercel.app/>

Designed an enterprise student portal and school management platform featuring JWT authentication, role-based access guards, DTO input validation, and full CRUD administrative panels.

Education

TMSS Institute of Science & ICT

Bogura, Bangladesh

Diploma in Computer Science & Technology

2026

Kanaikandor High School

Dhaka, Bangladesh

Secondary School Certificate (SSC) – Science

2021

Achievements

- Built and deployed 10+ responsive web applications with pixel-perfect layouts using Tailwind CSS and Next.js.
- Engineered 8+ modular backend REST APIs utilizing NestJS, Express.js, TypeORM, and MySQL.
- Implemented secure JWT authentication flow, route guards, and automated input validation across production apps.
- Streamlined deployment workflows on Vercel with integrated production environment management.
