PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with hands-on experience building modern, responsive, and scalable web applications across the JavaScript/TypeScript ecosystem (**React.js, Next.js, Node.js, NestJS, MySQL**). Proven track record in RESTful API engineering, Microservices Architecture, TypeORM database modeling, JWT authentication, and Tailwind CSS component design. Successfully delivered 10+ production-grade applications and completed a Full Stack Developer Internship at TechQul, delivering 35% speed improvements and clean scalable backend architecture.

TECHNICAL SKILLS

- **Languages & Core:** JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL
- **Frontend Development:** React.js, Next.js (App Router), Tailwind CSS, Shadcn/UI, Redux Toolkit, Responsive Web Design
- **Backend & API Engineering:** Node.js, Express.js, NestJS, RESTful APIs, Microservices Architecture, JWT Auth, DTO Validation, Swagger UI
- **Databases & ORM:** MySQL, TypeORM, Relational Database Modeling, SQL Query Optimization (JOINS, Indexing), Migrations
- **DevOps, AI & Tools:** AI-Assisted Dev (Cursor, Claude, Vibe Coding), Git, GitHub, Postman, Vercel, Netlify, VPS Deployment

WORK EXPERIENCE

TechQul

Full Stack Developer Intern

Dhaka, Bangladesh

Sep 2025 - Dec 2025

- Engineered 5+ responsive full-stack web applications using React.js and Next.js (App Router), leveraging SSR/SSG to boost page load speed by 35% and reduce bounce rates by 20%.
- Built modular backend microservices using NestJS and Node.js with Dependency Injection, DTO request validation (class-validator), and TypeORM, reducing API response times by 25% for 10,000+ daily requests.
- Implemented secure JWT Authentication middleware, Route Guards, and Role-Based Access Control (RBAC) across 15+ REST endpoints, mitigating unauthorized access risks by 100%.
- Designed relational database schemas in MySQL, writing optimized SQL queries, JOINS, indexing, and TypeORM database migrations to enhance data retrieval speeds by 30% across 50k+ records.
- Streamlined development workflows using Git version control and Postman API test automation, cutting production deployment cycles by 40% on Vercel.

KEY PROJECTS

E-Commerce Web Application | Next.js, NestJS, MySQL, TypeORM, Tailwind CSS

Live Demo

Engineered a scalable online marketplace supporting dynamic product routing, category filtering, cart state management, and optimized MySQL relational models achieving sub-200ms API response times.

School Management System | Next.js v14, NestJS v10, MySQL, TypeORM, JWT

Live Demo

Designed an enterprise student portal platform featuring secure JWT authentication, role-based access guards, DTO input validation, and full CRUD administrative panels managing 1,000+ student profiles.

Restaurant Management System (Food Cafe) | React.js, Next.js, Tailwind CSS, REST APIs

Live Demo

Built a responsive food cafe web app featuring dynamic menu browsing, interactive ordering workflows, and custom UI state management handling 500+ daily user interaction flows.

Smart Todo Application | React.js, JavaScript, HTML5/CSS3, LocalStorage

Live Demo

Developed an interactive task management application with real-time category filtering, persistent browser storage, and an intuitive user interface ensuring 99.9% client-side runtime stability.

CERTIFICATIONS & PROFESSIONAL TRAINING

- **Full Stack Web Development Certification** | Interactive Web Dev, React, Node.js & REST API Architecture
- **Backend & Microservices Engineering** | NestJS, TypeORM Relational Database Modeling, JWT Security & MySQL

EDUCATION

TMSS Institute of Science & ICT

Diploma in Computer Science & Technology (Expected Graduation)

Relevant Coursework: Web Development, Database Management Systems (DBMS), Data Structures, Software Engineering

Bogura, Bangladesh

Jan 2022 - Jun 2026

Kanaikandor High School

Secondary School Certificate (SSC) - Science (Completed)

Bogura, Bangladesh

Jan 2016 - Dec 2021

KEY ACHIEVEMENTS

- Built and deployed 10+ production-grade web applications with responsive layouts using Tailwind CSS, React.js, and Next.js.
- Engineered 8+ modular backend REST APIs utilizing NestJS, Express.js, TypeORM, and MySQL.
- Maintained a 100% successful deployment record on Vercel with automated continuous delivery setups.
